

State Law

By law of the State of South Carolina, the City of Simpsonville collects an Accommodations Tax (A-Tax) from hotels, bed & breakfasts, and other lodging facilities. Under state law, the revenue from the A-Tax may be used only for tourism-related expenditures. If the expenditure cannot be directly related to tourism, then the A-Tax may not be used to fund the expenditure. A-Tax funds may not be spent on purely local functions.

Tourism-Related Expenditures

Section 6-4-10 of the State Code of Laws states that “tourism-related expenditures” include:

- (1) Advertising and promotion of tourism so as to develop and increase tourist attendance through the generation of publicity;
Note: This entails expenditures for advertising to increase attendance by tourists at individual events. Applicants are encouraged to distinguish their event as being primarily attended by non-residents who come from outside the local community rather than an event attended primarily by those in the local community.
- (2) Promotion of the arts and cultural events;
Note: This entails expenditures for advertising to increase attendance at individual cultural events or cultural facilities (e.g., museums, arts centers, etc.). Expenditures for cultural events should be proportional to the number of out-of-market tourists that attend the event.
- (3) Construction, maintenance, and operation of facilities for civic and cultural activities including construction and maintenance of access and other nearby roads and utilities for the facilities;
- (4) The criminal justice system, law enforcement, fire protection, solid waste collection, and health facilities when required to serve tourists and tourist facilities. This is based on the estimated percentage of costs directly attributed to tourists;
- (5) Public facilities such as restrooms, dressing rooms, parks, and parking lots;
- (6) Tourist shuttle transportation;
- (7) Control and repair of waterfront erosion, including beach renourishment;
- (8) Operating visitor information centers.
